

ENGINEERING COLLEGE LIBRARY POLICY

- Borrowing Limit:** Each engineering student is entitled to borrow a maximum of five books at any given time. This limit ensures equitable access to the collection for the entire student body.
- Loan Duration:** The standard book return deadline is set at 14 days from the date of issue. Students must adhere strictly to this timeframe to avoid late fees and service suspension.
- Examination Loans:** During final examination periods, students may request extended loans for up to three core textbooks. These requests must be approved by the librarian at least one week prior to the commencement of exams.
- Book Club Membership:** Membership in the College Book Club is open to all students upon payment of a nominal annual subscription fee. Members enjoy exclusive access to new fiction titles and monthly literary discussion forums.
- Late Return Penalties:** A daily fine shall be levied for each book returned after the specified deadline. Overdue notices will be sent via official college email, and unpaid fines may result in the withholding of semester results.
- Refund Policy:** Library security deposits are fully refundable to all students upon successful completion of their degree or formal withdrawal from the college. This process is gender-neutral and requires a "No Dues Certificate" from the library administration.
- Lost or Damaged Items:** Students are held financially responsible for any lost or significantly damaged library materials. The replacement cost plus a processing fee must be settled before any further borrowing privileges are granted.
- Conduct and Silence:** The library is a dedicated zone for quiet study and research. Students are expected to maintain silence and refrain from consuming food or beverages within the premises to preserve the academic environment.
